Scale approx. 1:5000 ~100m

Lanner-Strauss-Monument was built in 1912 in order to remember the two founders of a very popular Orchestra at that time.

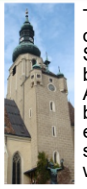

The Beethoven temple, which was completed 1928, offers a wonderful view of Baden and the thermal region in Lower Austria.

The Kurpark in Baden was opened in 1792. He puts his visitors back in the Biedermeier period with his numerous monuments. This period was the heyday of the park.

Stairs

The first construction of the Parish Church St. Stephen was built around 1200. After several new buildings in different epochs the current shape of the church was made in 1827.

The beautiful landscaped Rosarium includes over 600 different varieties. The rosebushes bloom from June to September on over 90.000 m² at the well kept Doblhoffpark.

The green market in Baden is the best place to buy fresh fruits & vegetables. Market currently only Friday 8:00 - 14:00.

The Lumpentürl was a small passage in the City wall. It was used by the "Rags" during the night when the city gates were closed.

The baroque Plague Pillar rises impressive up to the sky on the Main square. It was built in 1713 to remind on the victory over the plague.

The Doblhoffpark offers everything that you expect from a Park. On 8 ha you can find beautiful ways, a lake with ducks and interesting plants.

Take the way back from the Doblhoffpark to the center of the town by the idyllic Schlossergässchen.

The Badner Bahn (WLB) drives several time in the hour direct from the center of Vienna to Baden. (driving time from Wien Oper to Baden Josefsplatz is approx.1h)
